Question: What is the **tallest mammal** on Earth?

Answer: The **giraffe** is the tallest mammal on Earth.

Question: Where is the **smallest mammal from**?

Answer: The smallest mammal is from **Thailand**.

CFU

What are the key words in this question? How do you know?

What is the largest mammal alive?

A is the

B largest mammal

Which sentence has the answer to this question? How do you know?

What is the largest mammal alive?

A Sentence 2

B Sentence 3

In your own words, what does it mean to refer to the text?

1. Read the text and questions carefully.
2. Identify key words in the question and in the text. (underline)
3. Refer to the text to find the answers. (circle) **Hint: Look for key words.**

The Moon

1. The moon travels around the earth in a circle called an orbit. 2. It takes a little over 27 days for the moon to go all the way around the earth and return to its starting position. 3. The surface of the moon has many holes called craters. 4. Craters are created when objects from space hit the moon at high speeds.

57 words

1 What are the holes on the moon called?

- A** orbits **B** craters **C** objects **D** surfaces

2 How are craters made?

- A** by traveling **B** takes 27 days **C** objects hit the moon

3 How long does it take for the moon to orbit the Earth?

- A** an orbit **B** 28 days **C** by traveling **D** about 27 days

4 What is an orbit?

- A** holes **B** starting position **C** path of travel **D** 27 days

1. Read the text and questions carefully.
2. Identify key words in the question and in the text. (underline)
3. Refer to the text to find the answers. (circle) **Hint: Look for key words.**

Roads

1. Building a road takes a lot of work. 2. The first step is planning. 3. Engineers figure out cost, materials, and safety. 4. Next, bulldozers and graders build a solid foundation. 5. The dirt must be level. 6. Gravel is added to make it stronger. 7. Drains for rain are installed. 8. Then, either asphalt or concrete is used to finish the road.

56 words

1 Who does the planning?

- A** bulldozers **B** graders **C** engineers **D** builders

2 What makes the road stronger?

- A** bulldozers **B** dirt **C** gravel **D** concrete

3 What is used to build a solid foundation?

- A** engineers **B** gravel **C** drains **D** graders

4 What is used to finish the road?

- A** graders **B** asphalt **C** drains **D** safety

Skill Closure
